

Quarterly pharmacy formulary change notice — Reminder

What this means to me:

- Effective since 2020, the following preferred formulary changes were applied.
- This notice applies to Healthy Blue.

Effective for all patients since 2020			
Therapeutic class	Medication	Formulary status change	Potential alternatives
Diabetic supplies	BD insulin syringes	Preferred	N/A
Diabetic supplies	BD pen needles	Preferred	N/A

What action do I need to take?

Please review these changes and work with your Healthy Blue patients to transition them to formulary alternatives. If you determine preferred formulary alternatives are not clinically appropriate for specific patients, you will need to obtain prior authorization to continue coverage beyond the applicable effective date.

What if I need assistance?

We recognize the unique aspects of patients' cases. If for medical reasons your Healthy Blue patient cannot be converted to a formulary alternative, call our Pharmacy department at **866-902-1689** and follow the voice prompts for pharmacy prior authorization.
